

Architectural/Civil Technologist

TaskForce Engineering Inc. is a design-build construction company completing a wide range of projects in the industrial, commercial and institutional sectors.

TaskForce is currently looking for an Architectural or Civil Engineering Technologist with a minimum of 5 years' experience working in the ICI construction sector completing preliminary sales, detailed design and working drawings.

Qualifications:

- Architectural or Civil Engineering Technologist diploma.
- Minimum of 5 years' experience as a technologist completing working drawings and/or sales proposals in ICI construction sector.
- Highly experienced in the latest version of AutoCad along with strong working knowledge of the Microsoft Office platform.
- Familiarity in the design-build method of construction would be an asset.
- Working knowledge of the Ontario Building Code and associated standards.

Job Description:

- Working with the sales team to produce sales proposals from sketches or verbal communication provided from Sales team.
- Produce detailed working drawings for ICI projects.
- Excellent communication and time management skills
- Ability to multi-task and prioritize multiple projects/tasks and deadlines.
- Provide project coordination support to Project Managers.
